SOME FACTS ON EYE DONATION

We have 2.5 million corneal blind in our country. It is tragic that 20,000 blind add on to this backlog each year. Most of them can regain vision by Corneal Grafting Surgery, but only if we donate the eyes of each one of our departed friends, kith and kin.

- Register you, family and friends as eye donors.
- Diabetes, Hypertension, Cancer, Old age, Wearing spectacles etc., are no bar for eye donation.
- Eye should be collected within six hours of death.
- Eye will be collected at donor's place any where nearby at any time, day or night.
- Collection of eyes takes only 20 minutes and does not DISFIGURE the face of the donor.
- The deceased need not necessarily be an eye donor for donation of eyes.
- Collection, processing and distribution of eyes are done totally free of cost.
- When you come across death, please
 - Motivate for eye donation.
 - Inform the eye bank immediately through helpline given below.
 - Put a polythene cover filled with ice cubes on the deceased's forehead.
 - Raise the head with a pillow and put off the fan.
- The completed eye donation pledge form can be scan and sent as email to info@theeyefoundation.com
