Sudarshanam

Vision for ever

Every third blind person in the world is an Indian and almost 60% of this blindness is due to cataract. Majority of our poor patients affected by cataract are unaware of their disease and the fact that they can be permanently cured by a simple surgical procedure. If left untreated, an advanced mature cataract can prove disastrous and can permanently lead to blindness.

Since 2002, in the last nearly 25 years NETHRA JYOTHI TRUST the charitable arm of "The Eye Foundation" has conducted numerous eye camps and school health camps through its hospitals at Coimbatore and often various other branches. Many economically deprived persons have been restored vision through our eye camps largely conducted with our own resources. Our aim has always been to provide the same kind of care to our non-paying patients as the regular patients not compromising on any aspect of the treatment. All our free patients are operated by the sutureless technique of "PHACOEMULSIFICATION" with intraocular lens implantation. "**Rajalakshmi Nethralaya**" the Charitable unit of **The Eye Foundation**, situated in the heart of the city which is exclusively functioning for the care of economically deprived sections of the society. Towards this, various philanthropic individuals and organisations have worked with us at different times.

"SUDARSHANAM" is our endeavour to enhance our community service activities. A one-time payment of Rs. 15,000/- can be made by any individual or organisation for performance of a cataract surgery on any specified day for a period of Ten years. The donor can specify the date of performance of the surgery which could be to commemorate a birthday, anniversary etc. The donor can also identify a poor patient every year to benefit from this scheme. Any person with a monthly family income below Rs. 10,000/- can qualify for free treatment under this scheme. **Immediately after the surgery the donor will be intimated about the name and address of the patient along with his or her photograph.**

A small one-time donation by you could bring light and happiness for many, year after year, and you will be gifted with their blessings and gratitude life long. The donation shall qualify for INCOME-TAX exemption under Sec. 80G.

Please pass on this information to other like-minded Samaritans. Your donation towards this scheme can be sent along with the enclosed form.

CONTRIBUTE LIBERALLY :-

Join us in our noble cause of "**Eradication of Blindness in Society**" and ensure "**Vision and Happiness for all**"
